RIGHT FOR SO MANY REASONS®

SELF-STORAGE SYSTEMS

# LIBERTY SELF-STORAGE

## YOUR CHOICE FOR QUALITY

Liberty Building Systems™ is your single source for a complete line of attractive, secure, cost-efficient and easy-to-erect self-storage building systems. From basic, single-story facilities to complex, climate-controlled multi-story buildings, Liberty is the ideal solution for all of your self-storage needs. Our product is designed to meet the highest industry standards. Additional upgrades are available to create a personalized unit that will give you a solid return on your investment.

## YOUR CHOICE FOR DESIGN AND PERFORMANCE

Liberty self-storage systems create a professional image while enhancing functionality and productivity. Bay sizes are custom-tailored to suit your needs, trim and door colors can be mixed and matched, and you can select from a wide variety of exterior wall finishes. LibertyLoc,® our signature standing seam roof system, provides superior performance and weather protection. Our systems are pre-engineered to your exact specifications, so they are easy to erect and meet or exceed most building codes.

## YOUR CHOICE FOR SERVICE

Excellent customer service is paramount for our team at Liberty. The process begins with our experienced sales and in-house engineering professionals. Working closely with you, they will create the custom-designed self-storage building that suits your specific needs and budget. Our quality service extends to our manufacturing team, which is dedicated to providing quality workmanship delivered on time. Our project managers help ensure accuracy on projects across the board. And now with access to plants strategically located from coast to coast, Liberty can service customers better from across the nation. Rest assured, you will receive a one-of-a-kind experience regardless of the size of your project.
